

DALEWOOD SENIOR MENS GOLF GROUP

SPRING MEETING

MAY 14, 2018

Gwyer made his opening comments and focused on the tremendous number of new members within our group. Each one in attendance was introduced and welcomed.

He next generally described the upcoming years golf activities for our group. Our usual M, W and Fri matches which pay the top 5 finishers cash prizes, eight group tournaments with team cash prizes and interclub matches.

Mention was made of the July Ontario Senior Mens Tournament to be played at Dalewood and the need for volunteers plus the opportunity for members playing other Toronto area courses on a reciprocal basis.

Executive duties were described: Gwyer Moore is President and Chief Poo Baw; Lloyd Davis is VP/Secretary with focus on member recruitment and retention plus keeping golf rules and guidelines relevant to meet pace of play goals; Martin Caprani is the usual play days scheduler, scorer and prize distributor, handicap controller and website manager; Art Rennick/Jack Bright team up to design, manage, score and prize winners for our 8 internal tournaments; Jack Bright manages Interclub Tournaments and our away games; Doug Cossar (aka The Bootlegger) manages the bottles of wine awarded as closest -to -the- pin prizes; Stu Henry manages the income and output of our group funds.

Lloyd: Spoke on Pace of Play. Improvements seen last year as our Playing Guidelines (See Website) regarding how Gimees are handled, how Provisional balls are to be used and reduced ball search times took affect. Our members have upgraded their mobility through cart and motorized assists so they get to their ball more quickly. Additional reminders of actions to speed play were drawn from a 2012 memo: Be early for your tee time; 3 min. ball search time when play can continue; position carts behind the flag beside the green before moving onto the green to putt; give scores to your Captain on the way to the next tee; play ready golf from the tee; prepare for your shot while others are hitting when ever possible; Captains are to encourage and manage keeping up with the group ahead.

Our local hospitals fund raiser golf tournament is June 13.

Martin: All M, W and Fri golfers should deposit \$2 (Tournaments \$3) in the pro shop box and tick off their name from the nearby list. They are also responsible to input scores for handicapping and for signing up for future weeks games on the Senior Mens bulletin board by Friday. Know your handicap each time you play.

Doug: Wine prizes for closest-to winners are available every Mon (Wed alternate) on holes 4, 11, 13 and 17.

Jack: Interclub matches with Kawartha Golf Club (Peterborough) are set up for June 25 at Dalewood and August 22 at Kawartha. Very close to having dates for a similar arrangement with Bay of Quinte Golf Club in Belleville. He reviewed todays tournament rules saying we would add the 2 best net scores on each hole to eventually determine team prize winners.
